

Items for the Daily Log - 8 January 1953

1. I informed Mr. Wolf that Senator Millikin planned to introduce legislation calling upon the Civil Service Commission to furnish the Congress with a complete breakdown by states of all non Civil Service jobs, including their titles, salaries, and the names of present incumbents. I pointed out that this might well include CIA but that it would not appear advisable at this point, without the language of the resolution before us, to attempt to make any approach on Capitol Hill, because this was the type of legislation from which it would be very difficult to get exemption. It would be preferable to stand off for a short time and then negotiate with appropriate parties.

2. On my invitation Mr. William P. Rogers, Deputy Attorney General Designate, lunched with Messrs. Dulles, Houston, [redacted] Edwards, and myself and then was given a general briefing on CIA activities and organization. We then entered into general discussions on problems of relations between CIA and the Department of Justice. Mr. Rogers pledged his full cooperation.
